9	1	1002565	Washer Flat 1/2 SS
10	1	1033592	HYH Alum Spacer Tube .5 Sch 40 x 7.75

Failure to follow instructions may result in personal injury and may invalidate the applicable warranty.

Step 1. Place the 1/2 lock washer onto the 1/2 x 16.75 bolt, followed by the 1/2 flat washer.

Step 2. Insert the 16.75 bolt with washers through the top of the top connector, then the aluminum spacer tube, and thread the bolt into the brass insert of the bottom connector, just enough so it doesn't fall off.

Step 3. Set the pile guide in place. Holding the top of the bolt, hook the bottom connector into the pocket of the port and the pipe bracket.

Step 4. Tighten the bolt to hold the top and bottom connectors in place.
